** All sponsors will be included in advance marketing materials and on the www.acsf.aero Symposium webpage. **

**To secure your preferred sponsorship opportunity, please contact
Diane Gleason at dgleason@nata.aero or call 888-723-3135.**

Each sponsor will need to provide ACSF with a high quality electronic version (such as *.eps files) of the desired logo. In the absence of a logo, the company name will be listed. Printing of marketing materials is time sensitive; therefore later sponsors may not have their logo included in all advance materials. ACSF will try to include all logos in materials as soon as they are received, but timing may prohibit the inclusion of sponsorships received near a printing deadline. To ensure your company is included in as many promotional materials as possible, secure your sponsorship early.
